Echon Subsidy Program Package

PLEASE NOTE:

There are many changes to this program. Please read as soon as possible to ensure that you fully understand these new requirements and meet all program deadlines.

Dear Applicant;

The Echon “*Bursary*” program began many years ago by a group of caring teachers and administrators in effort to make Catholic education accessible to all. These generous donations we added to by families and parishioners from all seven SJB parish owners.

Unfortunately there are always more needs than available funds and therefore this program has always operated with a deficit. This deficit has been increasing these last few years to the point where protocols must be put in place to respect the budget in which SJB operates within and the donated funds which are donated to benefit those who receive funding.

From today forward the program will be known as “***The Echon Subsidy Program***”. This name change better reflects its true nature and speaks to the fact that any shortfall within this program will continue to come from SJB’s general revenue which is contributed to by all paying SJB students and families.

In order to receive funding consideration from the “*Echon Subsidy Program*” you will be required to submit a completed “*Echon*” Application Form within the timelines set forth. The Parish support form must be signed by your pastor and included with your Echon application upon submission. Please note: your most recent T4(s) (for both earners if applicable) must be included with your submission.

God Bless,

Paul Charbonneau
SJB EC Chair

SJB is owned by its seven parish families and any funding shortfall is paid by these parishes. In order to be approved for assistance SJB requires sign off by your parish priest.

Parish _____

Parish Priest _____

Priest Signature _____

My parish is able to assist us by paying \$_____per month of our tuition.

Priest Initial _____

In an effort to make our tuition as attainable as possible, SJB is willing to consider other means in which the tuition can be paid. If you, or a close relative has a specific trade or talent that will save the school expenses, it may be considered. *"This is at the sole discretion of SJB's Administration."* (Examples: electrical, plumbing, cooking, coaching, yard maintenance)

Understanding this, I can offer my time in the following manner to help SJB and can be consideration (or in part) towards my children's tuition. I can do the following:
